

Are you living with **Type 2** **Diabetes?**

Local doctors need volunteers to study
an investigational medication.

If you have **type 2 diabetes**, you may be eligible for a clinical research study of an investigational medication. You may qualify for this 6-year study if you:

- Are at least 40 years old
- Have type 2 diabetes

Qualified volunteers may receive at no cost:

- Investigational medication or placebo
- Study-related care from a local doctor
- Possible reimbursement for travel

Note that you may be eligible for this research study even if you have other medical conditions like a past heart attack, stroke, or heart procedures.

Ask your doctor or contact our clinic for more information.
