SJ-100

Jogger

Shark Finishing Machinery introduces to its line of Smart print finishing equipment the SJ-100 Smart Jogger. This tabletop, electric paper jogger is easy to use and compact in size. We recommend using the SJ-100 jogger before printing, collating, binding and cutting to significantly reduce double feed. The SJ-100 has a unique adjustable front load air tray which can easily accommodate 13 x 19" stock. Push button operation allows you to use air and vibrate at the same time or separately. Built heavy duty with a tray capacity of up to 4 inches thick.

- Thickness capacity 4 inches
- Electric
- Air Bed
- Vibrate
- Front Load
- Adjustable Bed
- Table Top
- Heavy Duty
- Push Button Operation
