

Sunrider Foods are
UNIQUE to the Market **BECAUSE:**

All products are based on the:

- ◆ **PHILOSOPHY OF REGENERATION**
“If given the proper nutrition the body has the innate ability to heal and balance itself”
- ◆ **LIFE FORCE**
The LIFE FORCE has been captured and preserved. Eating Sunrider is like eating raw foods, adding the highest nutrition available!
- ◆ **WHOLE FOODS**
They're a wide variety of WHOLE FOODS, nutritionally intact, which is vital for regeneration. Vitamins and minerals, isolated from whole food, can only meet a deficiency and do not regenerate.
- ◆ **FOOD GRADE HERBS**
Food grade herbs are the most powerful regenerative food we can obtain. Medicinal herbs control or substitute. Sunrider's FOOD HERBS give healing, vitality and life.
- ◆ **CONCENTRATED FOODS**
7-10 pounds of herbs are powerfully CONCENTRATED down to 1 pound. Because of the concentration, they are most effective for regeneration.
- ◆ **PROPERLY COMBINED**
Sunrider herbs are properly combined to regenerate systems rather than just trying to treat a specific illness or chasing symptoms.
- ◆ **ENHANCED**
Because of historic Chinese expertise each individual ingredient is prepared in such a way to bring out its unique, superior qualities and to negate any weaknesses. This makes it impossible to copy an ingredient list.
