

Interest in Spraying Evergreen Trees in Silverheels

A few homeowners have expressed interest in having a company spray their evergreen trees to prevent damage from bark beetles; the Board does not have an assessment on the effectiveness or cost of such spraying so interested homeowners may wish to contact companies that do this spraying; the cost may be reduced if several homeowners place a group order.

The National Forest Service is a good source of information. You can contact the South Park Ranger District through this web link: <http://www.fs.fed.us/r2/psicc/sopa/>

More information is available from the Colorado State Forest Service – Colorado State University through this web link: <http://csfs.colostate.edu/>

Summit County is already well into the fight against the mountain pine beetle. More information is available from the Forest Health Task Force through their website: <http://www.summitpinebeetle.org/>

If you are interested in contacting other interested homeowners on this topic, send an e-mail to Board@silverheels.org with your contact information.
