Pacelli Catholic Schools offers education for Preschool – 12th grade students as well as an all day, every day child care option for children ages 3 and older. Our mission is to inspire children to develop spiritually, morally, and intellectually as they live the teachings of Jesus Christ.

Pacelli's Shamrock Zone Child Care Children Ages 3 and older

Shamrock Zone is our drop-in, all day, every day child care program that is open to the public for children ages 3 and up. The curriculum is based on discovery, guided exploration and play. Throughout each week, kids are challenged through child-directed art opportunities, special snack projects, science experiments, crafts, stories, and games. Preschool curriculum includes daily practice of name writing, phonemic awareness, counting and singing, pattern recognition, coloring, use of scissors, sensory exposure, gross motor skills, and social/emotional growth.

Pacelli Preschool

We provide a Christian environment in which children can experience all of the facets of preschool, such as reading and math readiness, science, health, and socialization skills. In addition, students have music, library and computer time. Students are provided daily technology enrichment using iPads and SmartBoards in the classrooms.
