WLHA 2007

The year 2007 was mainly one of a holding action; we painted the tables and shellacked the beach signs and repaired the boat access sight on the peninsula. Our hope was to retain sufficient funds to work on the lily pads in the boat tie-up areas. We were successful, treatment will be made sometime after June. This will have to be a yearly effort if we wish to control them. Our membership has been going down. In 2007 we dropped to 61 members. Remember, it takes money to do work on the beach; without weed control this year, our expenses would run \$600. This is the yearly maintenance cost to maintain the beach. Dues are only \$20 per year. We would appreciate your dues, plus any further contributions you can make. We will be working on the 1 acre of weeds this year and hope to work on 2 acres next year. It all depends on you. Three meetings will be held this year so we can get membership input. The dates are 5/25 (Memorial Day), 7/4 (4th of July) and 8/31 (Labor Day). We customarily hold are meetings at the beach pavilion at 2:00 p.m. Please attend so we can get your input. At the September meeting last year, we changed a motion that had been approved at an earlier meeting to reduce the cost of the newsletter by passing them out only at the 3 meetings each year. Needless to say, we get very little in the way of dues. This year we will pay only for the stamps. This will save us \$170.

George B. Randall

Financial Statement of WLHA for 2007

Balance as of 12-31-06	878.96
Receipts:	
a. Dues & contributions for 2007	1895.00
61 members (58 paid in 2007, 3 in 2006)
