Unfinished Business: Temp. Events will be handled by the Township board. Information from work session with Ryan **Coffey** decided this was a Land use issue and not zoning issue. This was addressed by Tim M.

Solar Installations: This issue is now out of our hands by action of the state. We will not do anything at this time.

Fees for zoning violations: We will continue to look into the amounts **assessed** by other townships.

Public comment: Discussion was held by pc on fees and fines for not following the zoning regulations. Ideas of fees and penalties and court costs.
