

UR ORION TEMPLE STAR GATE

The prior studies show with respect to this airbase is that it is fashioned after the occult hexagram that to some suggest corresponds to one of Earth's energy ley-lines and points of convergence of space and/time, meaning a portal or Stargate properties. Thus what this study further suggests is that the Ziggurat of Ur, or the Temple to the Moon Goddess Nanna, or that of Isis of the Star and Crescent of the Muslims is one in the same directly associated with the worship of Lucifer, the 'Cosmic Red Dragon' whose star nebula conformation alludes to. Astonishingly, Ur is approximately 666 nautical miles to the Ka'ba box or shrine of the Moon God, Al-lah in Mecca. In turn, this 'box' is 666 nautical miles from the other 'box, the Holy of Holies of the former Temples of YHVH on the Temple Mount in Jerusalem. Further intriguing is that the Ur temple to the 'Dragon' or Serpent is also approximately 666 miles to Jabal al Lawz or the purported real site of Mt. Sinai on the Arabian Peninsula.

Ur

Citadel of Ur

The study suggests that ancient Ur was configured within an Orion stars alignment.

Perhaps Orion in association with the Pleiades and Taurus are a cosmological outline of the very dimensions of the Heavenly abodes of the Angels and the Creator Himself, YHVH. It is from Ur of the Chaldeans that the Bible tells the story of a peculiar man named Abram that lived there. Apparently he came from a noble and perhaps priestly cast that had direct involvement and knowledge of such Fallen Ones that perpetuated the worship in their occultic religious practices initiated by the 1st Mason, Nimrod in honor of Lucifer.

According to the Bible, it was this particular man that after the Flood of Noah only sought to consider the wonders and marvel of the cosmos perhaps and have a god-consciousness and thus sought after who this Creator really was that made Orion, the Dragon Nebula, the Pleiades and the Bear in the Heavens. The Bible declares that YHVH took note of this man and made a pact, a friendship to bless the whole world with salvation through his genetic lineage.
