**TALHFA is excited to announce that we are now an approved provider for the National Development Council (NDC) recertification units. TALHFA's Annual Conference will fulfill the FULL recertification requirements for NDC's Development Professional Certifications.**

NDC was founded as a national nonprofit in 1969 and since that time, has worked to fulfill its mission to increase the flow of capital for investment in low-income communities. NDC directs capital to support the development and preservation of affordable housing, the creation of jobs through training and small business lending and the advancement of livable communities through investment in social infrastructure.

NDC Training builds development finance capacity in professionals working for every sector of the economic, housing and community development professions:

- Federal, State and Local Governments
- Nonprofits
- Philanthropic Foundations and Individuals
- Community Banking
- Tax Credit Syndicators and Investors
- Legal, Accounting and Development Partners

NDC's Certification Programs are specially geared to developing knowledge and skills essential to making deals happen. NDC offers three professional certification programs: Economic Development Finance Professional, Housing Development Finance Professional and Rental Housing Development Finance Professional. NDC courses are intense and rigorous, with as many hours as an average college course, plus homework and a final exam administered on the last day of each class. Certified Development Professionals are required to recertify every three years.
