## **Xtreme Hard Concrete Densifier Dusting Control Process**

The following process is only for control of dusting on concrete flooring. This process is not for concrete polishing or anything other than the control of dusting.

### **TO CONTROL DUSTING:**

1. Clean thoroughly with Xtreme Clean.
2. Densify using Xtreme Hard Densifier.
3. Run a burnisher over it using 400 grit Roll-X Pads.
4. Clean again using Xtreme Clean.
