

## What We Do

- ✓ Teach safe diving standards and protocols: ***focus is diver safety***
- ✓ Procedures and protocols when retrieving forensic evidence and victim(s)
- ✓ Work with Law Enforcement officials, land based CSI personnel and first responders
- ✓ Increase knowledge base regarding precautionary considerations in pre-contamination and decontamination protocols
- ✓ Provide clear understanding of human anatomy as it applies to submerged victim(s)
- ✓ Provide documentation procedures in preparation for testifying in court
- ✓ Provide a clear understanding of authorized chain of custody
- ✓ Discuss PTSD and suicide within Law Enforcement
- ✓ Biological and chemical job Hazards
