Enhance Your Home and Property

Austin Deck and Fence is located in Creston where owner, Brad Robinson, has lived and managed his business for over 20 years. Austin Deck and Fence, licensed in Wayne and many other surrounding counties has designed and completed numerous projects all over the state of Ohio. Decks, fences, pavilions, railing, gazebos, pergolas, sunroom enclosures and porches are just some of the many professional, residential services offered.

In addition to residential services, "we build fences for baseball fields, park pavilions, bridges, and handicap accessible wheelchair ramps" says Brad. "Wood is one of the most affordable and popular material options we have available, but when it comes to quality constructed decks and fencing, there are so many more product lines and material choices we can offer our clients today than in years past" said Brad.

Besides personally assisting and answering all your questions during the initial consultation, Brad will also be there working alongside his crew to insure a quality project. During your free consultation, he will go over design and material options that will suit your budget and complement the look of your home and property. "We are insured and licensed," says Brad. "And an extensive labor warranty is available, along with lifetime warranties for vinyl hand railing." To show their appreciation for those who have served our country, they offer a veterans discount. Flexible payment options are available as well, including cash, check, Visa, MasterCard and Discover.

Through the years, Austin Deck and Fence has become known for quality workmanship, top of the line products, and prompt service. And, because of a stellar reputation, they have been referred by their customers to friends, family and neighbors. "This has been the major reason our business has been so successful."

Now is probably the best time to consider that new project. Give them a call today to schedule your free consultation. Call Austin Deck and Fence - 330-435-6163.
