Stay West of the Road and West of ditch in Tree line

Davidson Property

Park on the blacktop Roads, Next to Hunting areas.
No Parking in fields or Dirt roads. Walk into all fields.

Harvard Sportsman's Club Controlled Pheasant Hunting Program 2014 Rules and Regulations

Years ago, upland game hunting was flourishing here in Illinois. With new farming technologies and predators abound, pheasants are not as abundant as they were back then. Most importantly, farmers are more reluctant to let anyone hunt their property for fear of property damage and liability lawsuits. The club provides it members with the enjoyment of a controlled pheasant hunting program on 3 leased properties. Please make sure you read and understand these rules & regulations. Ignorance is not an excuse for irresponsible behavior.

First and foremost, the land that we hunt is privately owned. Remember, it's a privilege not an entitlement to be on these properties.

- Do NOT fire your gun within 200yds of any building, occupied or not. Only load your gun when you are out in the field.
- The ONLY activity permitted by members while on these properties is pheasant hunting, period!
- Immediate family only, which includes your wife, kids (under 21) & grandchildren. Anyone child over 21 must buy a pheasant placard to hunt.
- Pheasant placard must be must be worn at all times while pheasant hunting.
- Boundaries are marked with RED stakes every 500ft (red means stop!). If you're not sure, stop and ask! Don't ruin it for everyone else.
- You must abide by any and all state laws and club rules. Any violation could result in your hunting privileges being suspended.
- Once you are notified of a hunting violation, your hunting privileges are suspended until review by the clubs board, no exceptions.
- When you arrive at either property, make sure you meet with the pheasant coordinator prior to 8:00am.
Brookdale: Mike Ryan (630-417-0067)
Davidson: Shawn Carmody (630-327-2267)
- Birds are released on Saturday and Sunday mornings. No hunting before 8:00am. After 9:00am, you may move to another area if no one else is hunting that area, but not before then.

- You may hunt the properties any day of the week as long as state laws are followed.
- Due to the number of hunters, you are required to keep your gun and dog in control at all times.
- Do not let your dog(s) run wild. They should be trained and kept within 20yds of the owner at all times. Use an e-collar when possible.

Last but not least, always follow the Hunters code of conduct which can be found on the clubs web site.
