

Invocations:

Builder, light a fire of inspiration in us and show us that we can be the creator of a better world.

Welcome Builder

Healer, show us how we can be the instrument of compassion in a harsh world and be with us in our time of need.

Welcome Healer

Nurturer, remind us that the world is full of goodness and beauty which is open to us as long as our hearts are open to it.

Welcome Nurturer

Trickster, teach us how best to make our way in the world and journey with us as we learn all lessons, be they through tears or laughter.

Welcome Trickster

Death, guide us along a life full of worthy actions so that we may have many stories to tell when we walk our final road with you.

Welcome Death

Destroyer, remove from us all those things which hold us back or weigh us down so that we may learn to live freely as who we truly are.

Welcome Destroyer

Benedictions:

Builder, you light the way to a world full of wonder and inspire us to add more beauty to it.

Thank you Builder

Healer, you show us that we have a responsibility to our community, but also that through that community we are never alone.

Thank you Healer

Nurturer, you remind us that there is always a new horizon, a new adventure, and new friends to make along the way.

Thank you Nurturer

Trickster, you teach us to make ourselves strong in the face of adversity and to never be so serious that we miss out on life.

Thank you Trickster

Death, you guide us along the path of life and are with us even when we feel most alone.

Thank you Death

Destroyer, you remove from us all our most painful burdens and show us that they do not define who we are inside.

Thank you Destroyer
