

# GATES OF THE EARTHLY PARADISE II

The purpose of this illustration is to show that the geographic layout on Earth that mirrors the *Cosmic Gates* in the Heavens mirrors the entire expanse from the *Straits of Gibraltar* to the *Straits of Hormuz*. It approximates the equal dimensions of 2 perfect squares, geometrically and geographically. This means that 2 squares can be placed side by side and it appears to match the length between each Strait or 'Gate'. Moreover, this unique correlation of the size of the squares correlates to the exact dimension of the *New Jerusalem* borders as described in the last book of the Bible, Revelation. This 2-square layout is reminiscent of the *Tabernacle of Moses* in how the geometric layout on Earth was construed also of 2 equal squares and it was a facsimile of the true one in Heaven. Within the center points of each square was the *Altar of Burnt Offering* outside the *Tent of Meeting* and the *Ark of the Covenant* within the *Tent of Meeting*. This *Tabernacle of Moses* blueprint is suggested to also mirror that between the *Celestial Gates* as well. If one approximates the proportion from the *Golden Gate* to the *Silver Gate*, some amazing correspondences emerge.

## SACRED GEOMETRY OF THE EARTHLY

What is interesting to note is that the pattern of the *Tabernacle of Moses* does appear to correlate to some approximate geographical markers on Earth. For example, the entrance to the *Tabernacle of Moses* would be the *Straits of Gibraltar*. This entire Earthly layout is reversed from the actual configuration of the *Tent of Meetings* wherein the entrance was facing east and the subsequent Temples on the *Temple Mount* in Jerusalem had the *Golden Gate* entrance. Then the *Altar of Burnt Offerings* appears to correspond to the area of the *Island of Malta*.

Next, the *Laver of Washing* would correspond approximately to the *Island of Crete*. The next series of *Tabernacle* furnishings are most telling. The *Golden Lampstand* or *Menorah* and the *Table of Bread* corresponds to where Israel and in particular Jerusalem are situated geographically and in approximate *phi ratio* to the Gates in the Heavens and the Straits on Earth.

The city of Jerusalem corresponds to the place where YHVH established His Name forever and the Temples stood and will. Even the national coat of arms of Israel and Jerusalem are of the Menorah and the Lion as in the celestial *Sign of Leo* for the City of the King, the Messiah. Jesus in His 1st coming taught that He is the *Light of the World* and the true *Bread of Life*.

The cosmic correlation of the *Celestial Gates* also has an approximate *phi ratio* correlation that matches a particular Earthly geographic marker, that of Jerusalem as the *Lion of Judah*, or the constellation of *Leo* in its celestial correspondence.
