

STW Selection Options

At STW we pride ourselves on delivering a quality product, meeting deadlines and ensuring the happiness of our customers. This selection book covers our “standard” offerings, other options are available, but will be evaluated on a case by case basis. We specialize in Custom Modern Frameless Cabinets, some would also describe them as Full Overlay cabinets. We use all domestically produced $\frac{3}{4}$ ” UV clear coated Maple plywood for our cabinet box construction. Drawer boxes are constructed of a $\frac{1}{2}$ ” UV clear coated Baltic Birch plywood. We perform all design, construction, finishing and installation, in house, to control quality and scheduling. Some of our work...

Door Options

We offer stain grade and paint grade options. Our paint grade doors are constructed out of a CNC milled solid piece of HDF which eliminates all seams and provides a very smooth finish at an affordable cost. Stain grade shaker & slab doors are milled in house. Mitered and Raised panel doors are ordered from TaylorCraft doors in Taylor, TX. TaylorCraft options: <https://taylorcraftdoor.com/>

Stain Grade Grain Matched Slab

Drawer and Interior Hardware Options

We offer two drawer selections, drawer selections are matched with slide selection. We offer a dovetail drawer with undermount soft close slides, and a dadoed drawer with side mount normal close slides. All drawers are made with ½" UV Baltic Birch Plywood.

Our normal close slides are full extension and ball bearing. Our soft close slides are also full extension. Both slide options are rated for 100 lbs.

Soft Close Options

Normal Close Options

Finishing Options

South Texas Woodworks offers one paint and one stain selection per job. More than one color can be added for an additional charge. We do have stain sample boards in house, and we ask that you provide your paint SKU number to be matched as we use only lacquer-based paints. Laminate finishes are also available in various colors. See <https://www.premiereurocase.com/> for options.

Vent Hoods

We offer 3 Vent Hood designs that can be painted and/or stained.

Pre-Built Vanities

We offer pre-built options for vanities from Hardware Resources. These cabinets can be more cost-effective options and include countertops, sink, and faucets. Below are a few examples. For other options, please visit: <https://dealer.hardwareresources.com/decorative/vanities-and-mirrors/vanities.html>

Inserts

South Texas Woodworks, offers five standard inserts. A 9" Spice pullout, 9" utensil pullout, 9" Vanity pullout, built in trash pullout, and sheet dividers. Other options can be included on a case by case basis see Hardware Resources for additional options: <https://www.hardwareresources.com/organizers/cabinet-organizers.html>

Required Selection Options:

At STW we build and finish everything in house, extensively using CNC manufacturing. For this reason, the following selections need to be made, prior to production, in order to maintain a smooth manufacturing process.

- Paint/Stain or both AND Color Selection
- Door Style
- Normal close or Soft Close Hinges and Guides
- Exterior Hardware Selection (Knobs and/or Pulls, Style and Color)
- Crown Moulding Selection
- Vent Hood Design
- Cabinetry Inserts
- Appliance Model numbers
- Custom or Pre-Built Vanities
