

need to file again in later years unless the chief appraiser requests a new application. You may file a late application up to midnight the day before the appraisal review board approves appraisal records for the year. Approval usually occurs in July. If you do file a late application and your application is approved, you must pay a penalty equal to 10% of the tax savings resulting from the agricultural appraisal.

Step 1: Owner's name and address

your name/names as appears

or
stage coach springs TRACT #

Property I.D.

XREF I.D.

Number of acres for which application is made ENTER TOTAL # ACRES

Last year, were you allowed 1-d-1 appraisal on this property by the Edwards Central Appraisal District?

☐ Yes ☐ No

If yes, you need only complete those parts of steps 3 and 4 requiring new information or information that has changed since your earlier application.

If no, you must complete all of steps 3 and 4.

Step 3:

Describe the property's use

1. Describe the current and past uses of this property, starting with the current year and working back 5 years or until you have shown 5 out of 7 years of agricultural use.

Year	Agricultural use*	Acres	Year	Agricultural use*	Acres
current	As Use	total # Acres	4		
1			5		
2			6		
3			7		

Repeat
for all
7 years

last year

*Agricultural use includes but is not limited to the following activities: cultivating the soil, producing crops for human food, animal feed, planting seed or for the production of fibers; floriculture, viticulture and horticulture; raising or keeping livestock; raising or keeping exotic animals for the production of human food or fiber; leather, pelts, or other tangible products having a commercial value; planting cover crops or leaving land idle for the purposes of participating in any governmental program or normal crop or livestock rotation procedure and wildlife management.

Wildlife management means actively using land that at the time the wildlife-management use began was appraised as qualified open-space land under this subchapter in at least three of the following ways to propagate a sustaining breeding, migrating, or wintering population of indigenous wild animals for human use, including food, medicine or recreation; habitat control, erosion control, predator control, providing supplemental supplies of water or of food; providing shelters or making census counts to determine population.

Agricultural land use categories include: irrigated cropland, orchard, improved pastureland, native pastureland, and other classes typical in your area
