Course Description:

This non-language specific three (3) CIMCE/CEU credit hour course will familiarize the Interpreter with the daily operations of Medical Examiners, Coroners and Death Investigators. Join us as we journey into the fascinating world of death investigation and it's impact in the courtroom. Learn coroner terminology and procedures along with the specific processes involved in death investigation, forensic evidence collection and autopsy procedures. Additionally, the interpreter can expect a broad range explanation of many of the processes involved in coroner, death investigation and forensic procedures that are testified to by experts in a courtroom environment.

This course is designed to familiarize the Interpreter with terminology and protocol present in courtroom proceedings that involve testimony from death investigation experts, medical experts and other associated entities involved in coroner protocol and investigation. It will focus on the explanation of terms and procedures so that a greater measure of effectiveness and conveyance of meaning can be delivered successfully by the Interpreter to their client.

WARNING: Due to the inherent graphic nature of Coroner operations, this course may include photos and videos used in actual coroner and death investigation operations.
