A division of:

Batsner Material Handling

ACS Valves

www.acsvalves.com

Rotary Airlock Feeders for bulk material. Designed to fit your setup. No Product Degradation. Minimal maintenance, efficient and easy to use.

Munson

www.munsonmachinery.com

Manufacturers of Batch, Continuous, Hi-Intensity Mixers, Size Reduction, Shredder and Pulverizer Equipment and De-Lumpers.

Everlasting Valve Company

www.everlastingvalveusa.com

Self-lapping metal disc valves for dry bulk material and slurries.

Piab

www.piab.com

Fully pneumatic vacuum conveying. Standard systems constructed with stainless steel with food grade 3-A systems and carbon steel options. Innovating COAX technology to advance Venturi's Principle for versatility and increased performance pump operation.

HAMMERTeK

HammerTek

www.hammertek.com

The Smart Elbow® for pneumatic and slurry conveying systems eliminates elbow wear, production degradation, plugging, surging, cross-contamination, noise, turbulence.

Russell Finex

www.russellfinex.com

Product separation for the pharmaceutical, chemical, plastic, food, and all others where material screening is required. Designed for both dry and liquid applications.

Ingredient Masters

www.ingredientmasters.com

Bulk bag fillers and bulk bag unloaders. Affordable Storage and Dispensing Systems. Complete engineering for both manual and complete automation.

Batsner Safety and Instrumentation

BinMaster

www.binmaster.com

Single point and continuous level sensors for bulk materials.

Pinnacle Systems

www.pinnaclesystems.com

Light Curtains, safety mats, two-hand controls and safety PLC/HUB.

Berthold Technologies

www.berthold.com

Leader in nuclear industrial measurement solutions. Berthold's radiation detection sensors offer best in class measurement resolution and stability.

Pressroom Electronics

www.pressroomelectronics.com

Punch press automation.

Det-tronics

www.det-tronics.com

Flame, Gas and Smoke Detection. Certified Safety Instrumented Systems that are reliable, functional and flexible.

Single point tip switch level sensors with dampened response for severe applications.

Westec Instruments

www.westecinstruments.com

"Ears" for grinding mills and differential speed detection.

Batsner Environmental

Oil Skimmers

www.oilskim.com

Skimmers to recover all types of floating waste oils, fats and greases.
