

Most of God's people know very well the problems that come when we try to bring to pass the will of God in our own strength. It is impossible to bring the life that God desires us to have into our lives without the Holy Spirit. Every one of us draws to our lives what we desire. Our fellowship with the Holy Spirit is a launching pad for God's supernatural power to be manifested in our daily lives on a consistent basis.

Drawing near to God is a journey that will elevate your life, marriage, family, and future. In this four part teaching, Dr. Hohman shares the closer we get to the Lord the clearer His voice becomes and the stronger His nature is through us, and brings to light a clear and precise path to a greater life.
