

# Explore St. Anne School

Welcome to the St. Anne School website's "Explore St. Anne School" section. We have created this section to help you navigate our site. We want to share information with you about all of the exciting things happening at St. Anne School and to see if we might just be the right fit for you. Please feel free to explore and discover all that we have to offer your student.

Peruse our home page to find out what is happening at St. Anne School in our "Upcoming Events" and "School Announcements" sections. Feel free to read our latest newsletters. Check out our "Now Enrolling" section and view our brochure and check out our "Quick Facts". And be sure to look at the photos of our awesome students!

If you are interested in specific information about school facts or admission, please pull down the "About Us" tab.

The "Academics" tab will provide you with all of the information about our teachers – their backgrounds and Wikipages with what they are teaching. Our "Curriculum" information is also included under this tab and explains the basis of our curriculum and our accreditation.

If Athletics is your area of interest, please go to the "Links" tab and visit the "Crusader Youth Athletic Association" for information about our CYO sporting programs. Although this list only includes the sporting opportunities our athletic association provides and not the junior high programs offered to our students through Lancaster Catholic High School.

And if you like what you see, our Registration Form and Letter are on the home page – but we would love to first give you a tour or set up an opportunity for your child to "shadow" a student at our school.

As stated in our mission statement, "St. Anne School is a Catholic faith-filled educational community dedicated to the spiritual growth and academic success of all children." It is this community, or family, that makes St. Anne School such a unique place. It isn't something that you can put down on paper. It is something that you can *feel* when you visit our classrooms, walk through our halls or attend one of our events. We are a community – students, parents, faculty and staff -- that thrives by working together for the benefit of our students and our school. We would be thankful for the opportunity to have you visit in person and experience our community.

Thanks for taking the time to visit our site. We hope you will visit us in person soon!
