

# Dream Color Flexible LED Strips

Model No.: I5050A16-D-5  
 LED Qty: 32LEDs/M  
 PCB Dimension: 500\*12\*4.5mm  
 Voltage: DC5V  
 Power Consumption: 9.6W/M  
 Waterproof: IP67  
 3 LED cuttable, matching middle-connector, suitable driver & controller

## Specifications:

Model Number	Color	LED Qty	A(Nm)/(CT:K)	Luminous Flux	PCB Dimensions (mm)	Work Voltage	Power	Viewing Angle	Water Proof	Packing
L5050A16-D-5	RED	32/m	620-630	40-50	500*12*0.22	DC12V DC24V	23W/m	120	IP67	5m/reel
	GREEN		455-470	100-110						
	BLUE		510-525	35-45						

## Features:

1. Input voltage: DC5V
2. Super bright top SMD 5050 LED as lighting sources
3. Different colors are available
4. White, Black, Yellow PCB Board are available
5. With 3M adhesive tape on backside

## Applications:

1. Decorative lighting for festivals, events, shows, exhibitions
2. Architectural lighting for canopy, corridor, window, archway,
3. Backlight or edge light for signage
4. Path or contour marking
5. Channel letter lighting
