APSCN Youth Challenge Student Withdrawal Report

The APSCN Youth ChalleNGe Student Withdrawal is located in the Cognos system of E-School. This report lists students from the high school who have withdrawn for reasons other than graduating or transferring to another district. With this report, the Youth ChalleNGe Program contacts the student/parent or guardian to inquire about the student enrolling into the program. When the student enrolls into the Youth ChalleNGe Program, the high school will receive a letter. Act 439 allows the school to maintain that student on the attendance roll and include them in the ADM while they are enrolled in the residential phase (five and a half months) of the Youth ChalleNGe Program. The instructions for retrieving the report are listed below.

Go to E-School

The report is located in Cognos using this menu path:
Student Managements System > Demographics > General Demographics Reports
folder. It is labeled APSCN Youth Challenge Student Withdrawal Report.

*** If the report does not show, in the top right corner, change the display
number to 99 or higher to display all of the reports

If having trouble, use Google Chrome
