

Curriculum List for 2024 - 2025

Teachers will use a variety of materials to supplement and provide a well-rounded curriculum. The following is merely the list of the curriculum which the family is responsible to purchase.

PLEASE NOTE:

- Only 1 Exploring Creation with Flying Creatures (K-6th grade)
- Only 1 Exploring Creation with Botany per family (K- 6th grade)
- Only 1 Children's Atlas of God's World for geography (1st – 6th grade)
- Crates will be allowed for 6th grade and above only

STRONGLY ENCOURAGED:

Parents should take time to read...

- The Well-Trained Mind by Susan Wise-Bauer
 - **New Parents** – In order to gain a better understanding of the classical method, please read at least to the point that matches your child. Also, read the sections: "The Kitchen-Table School: Why Home Educated?" and "The Character Issue: Parents and Teachers." Please keep in mind that TCCS is a "classical-like" educational model (refer to TCCS's educational philosophy in the handbook).
- 8 Great Smarts By Kathy Koch, www.celebratekids.com
- Your Child's Strengths by Jennifer Fox
- High School: We highly recommend getting *Celebrate High School: Finish with Excellence* by Cheryl A. Bastian. TCCS is using this as a high school resource. www.cherylbastian.com

TO REMEMBER:

TCCS recommends that students begin learning to type in 4th grade. You can use any typing program and have them practice 15–20 minutes a day until they are proficient. Also, this is a great summer activity! Some of the programs that other families have found helpful include...

- Mavis Beacon Teaches Typing by Broderbund - Wal-Mart
- Typing Instructor for Kids Platinum (age 6-12) – www.timberdoodle.com
 - Great introduction without overwhelming the user. A fun approach with no computer experience needed.
- Typing Instructor Platinum (ages 8 and up) – www.timberdoodle.com
 - Great introduction to typing for fourth graders and up. It's an interactive approach, with a broad variety.
- www.typingweb.com

Optional Latin recommendation for teaching vocab. and phrases in a homeschool friendly format:
Song School Latin by Amy Rehn – www.classicalAcademicPress.com or www.timberdoodle.com

Middle & High School Vocabulary:

Please make sure that you order the 3rd Edition (not 2nd or 4th edition) of the Wordly Wise 3000 for the middle and high school vocabulary curriculum. At this time, Rainbow Resource has the second edition, so please be careful when you order to purchase the third edition. In addition, there is an Audio CD which includes word lists, definitions, quick check comprehension questions, all reading passages, words used in context and modeling of correct pronunciation (optional cost of \$45).

Optional for Summer:

BJU Vacation Station by grade level
