Called to teach?

“One of the most under emphasized aspects of Jesus’ ministry is that he was essentially interested in helping people learn.” – Trevor Cooling

Our children are hungry to learn... but they need your help. For years they have struggled against very real and very strong obstacles like malnutrition, physical and emotional abuse, abandonment and fear. They have willfully gone through difficulties in order to be able to get an education, like waking up when it’s still dark and traveling for over an hour each way to get to school from our mountain town of Zambrano, where our Children’s Home, Prince of Peace, is located.

Today, thanks to God’s provision, they are blessed to be able to attend their very own school, Faith Academy, established right here in our property since 2012. They now get more personal attention, closer supervision of their progress and a solid Biblical curriculum.

But they need your help! ***Are you or anyone you know called to teach?*** If you are interested in serving the children of Honduras as a teacher or know someone who is, please contact us. We have need for Pre K, Elementary, Middle School and High School teachers, and we have a great need for at least one ***Special Needs Teacher***. Spanish is not a must but it is highly preferable.
