Circa 68 Records is an independent record label based out of Wilmington, Delaware with a focus on punk rock, alternative, hip-hop, and anything strange and weird. Circa 68's goal is to musically document all the awesome things that have been brewing in the tri-state area. Circa 68 is welcoming to all, environmentally friendly and always politically incorrect.

We welcome Scars Like These to the roster with open arms joining our other bands (The Bomb Shelter Dropouts, Bats in the Wall, The Psychedelic Puppets, Digital Detox, Arsonist Choir, Young Dizzy and the Unicorns, S.H.O.T., and Cthulhu Martini).
