## What's New at SRM?

IN THIS ISSUE

*Message from Jamie M. Perkins, Principal*

### WHAT'S NEW AT SRM? 7TH-8TH COHORT GUIDELINES RELAXED

Kings County has remained in the red zone for the past two weeks. Your children have done an incredible job following all of the new protocols we've put in place and I want to thank you for your support. Schoolwide, we will continue doing everything as we have been from the beginning. The only difference for our 5th-8th graders now is that Mr. Ramos and Mr. Pereira will get to go into the classroom and teach the students directly, rather than having to Zoom in from next door. Students will remain at their desks, the teachers will move. Allowing teachers to teach students face-to-face, rather than through a computer screen, enhances the learning process and we are excited to begin today.

### CAR HEATER FEVER

### IN THE SPOTLIGHT

### NOVEMBER BIRTHDAYS

### Car Heater Fever

Mornings are cold now and riding to school in your heated car can increase your child's body temperature. Please roll down the window when you pull in to drop your child off in the morning.

### In the Spotlight Mr. Leon Pereira

"At SRM, my focus is on literature, English language arts, math, and social studies. I enjoy working with the students in an environment where they can grow in both mind and spirit. I have the opportunity to help my students discover and learn something new about the world around them. It's memorable to watch as the students go out to work and serve in the community. They take the lessons they have learned here and go out to become a positive part of the community." See his full bio on our website.
