DESCRIPTION: Here is a really nice Herter's Model Perfection hunting bow. Brazilian Rosewood riser. Black face limbs, and the patent Herter's Desert Tan back limbs. This Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No crazing. One shallow superficial stress line on the back in the riser section (see pic on last page). A few minor scratches and nicks here and there. Decal is in excellent condition. Overall, this is an great bow in excellent condition for its age.

Note: The bow is a 56", but the decal says it takes a 55" string; You can get/ make a 55" string, or use a low-stretch 56" string and put a few twists in it.
