CommConnect

Full 1080p Media Decoding

Supports popular 1080p HD video playback of over a dozen video formats (including MP4(H264), Flash-SWF, etc.) on HD LCD or LED display screen via HDMI interface. Embedded modules allow live URL/web-content streaming, Youtube, Weather, Traffic, RSS ticker, Media-RSS, Google Apps within split/grid screen templates.

Low Power Consumption

Combined with spectacular picture quality of HD video and crystal clear sound clarity of digital audio, the Mvix Xhibit comes with an extremely low operational cost. It consumes no more than 35-50W (compared to a standard PC consuming 300-400W min).
