

# Do you know the 2020 Census impacts funding to our communities?

- Do you know lack of participation can directly impact the services we currently receive in Cochise County?
- Do you know that the census is now not only available as a paper document but can also be done either online or by phone? Quick and easy-peasy!
- Do you know why it's vital for local services and political representation, and how to play a part in ensuring a complete and accurate count?
- Join us on January 17th as Amanda Bailey, Cochise County Public Information Officer tells us why the census is so important and how it impacts our communities.

Join us to find out how you can get involved!

This only happens once every 10 years. This is Cochise County's year to be heard, counted, and funded for years to come! Let's do this!

**Friday January 17th  
9:00 AM - 11:00 AM  
Outreach Center, 302-02 El Camino Real, Sierra Vista  
Breakfast is provided by the Legacy Foundation starting at 8:30 AM**

Please RSVP to attend either On-site or via ZOOM.
