

TRAINING SEMINARS 2020

Introduction to the latest version of Jonas Software

The latest version of Jonas Software has been released for all clubs. Like all previous versions, this one is full of great enhancements and upgrades to make your club even more efficient. Our seminars will review the most important highlights and teach you how to take advantage of the changes. We will also be presenting our list of the most important membership related features in Jonas as well as an in-depth review of food and beverage menu design in point of sale.

Session 1: Accounting, Membership & Top 15 Membership Tips

This session will focus on all of the important changes covering system administration, accounting, and membership. This year's afternoon session will be a review of the most important membership features within your Jonas Software. Some of the highlights of this session include:

- Accounting upgrades
- Updated pre-paid expense tracking
- Updated financial statement drill down
- Updated fee schedule reporting
- New accounts payable features
- Updated demographic reporting
- Updates to member account inquiries
- Updated membership spending reports
- Afternoon Session: Top 15 Membership Features in Jonas!

Session 2: F&B Point of Sale Training Seminar

This session will prepare your Food & Beverage staff for the upcoming season. The first half of this session will cover many of the new features related to POS. The second half of the session will focus on creating professional menu pages to speed up service and increase the efficiency of your team. Some of the highlights of this session include:

- Major upgrades to chit splitting
- New Wireless POS options
- New methods of working with seat numbers
- New override features
- New features for faster processing
- New features related to preparation options
- Tablet optimization features
- Updates to POS menu design
- New and updated POS reports
- Updates for digital signatures
- Afternoon Session: A complete guide to designing professional menu pages.

2020 Summer Sessions are on-line!

Join us for a full day of training!

Join from your home or office. We will review the exact same material that we would have covered in person!
(Internet and telephone are required)

We'll send you the material to print and the Go-to-Meeting invite before the training date.

Price:

**\$250 per person per day
(Reduced from \$300)**

These courses have been pre-approved as educational credits toward the renewal requirements of the Certified Hospitality Accountant Executive (CHAE®), and/or the Certified Hospitality Technology Professional (CHTP®). Both the CHAE and CHTP are professional certification programs offered by Hospitality Financial and Technology Professionals (HFTP®).
