

# Project Management Infrastructure

"What Every Organization Needs to Make Projects Successful"

**Seminar is 100 Slides, Here Are A Few**

## Operating Model Sequential

## Where Do Processes Apply?

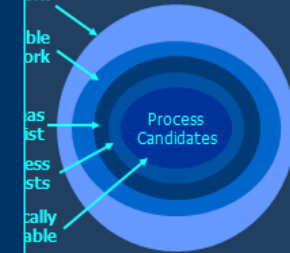

### Prescriptive vs. Not Prescriptive

#### Not Prescriptive

- Artist
- Writer
- Performer
- .....

#### Prescriptive

- Development
- Surgery
- Pilot
- Construction

## Metrics Pitfalls

BUT Metrics Have Pitfalls

- Unintended Consequences
  - Funds Spent vs. Value Received
  - Learning Time vs. Learning
  - Time vs. Quality

## Strategic Flow

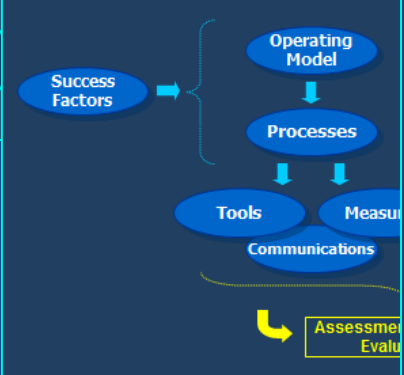

## Personnel Development Components

Multiple Development Methods Are Needed

## How Are These Dimensions Integrated?

## How to Start

**"Take multiple parallel paths"**

- and
  - and
  - and
- "Take immediate action on obvious improvements"
- "Start thinking of the business in terms of multiple integrated dimensions"
- "Develop a long term plan.....move ahead as budget and resources allow"
