

Intermediate Civil Engineer or Technologist, Land Development - Calgary

Scheffer Andrew Ltd. is a medium sized engineering and planning consulting firm, which has operated in Western Canada, primarily Alberta, for almost 50 years. Our work focuses on municipal, land development and transportation engineering.

Scheffer Andrew Ltd. is currently seeking a **Civil Engineer or Technologist with land development experience** to join our team. The successful candidate **should have at least 2 years of experience in land development engineering design** and the ability or interest to assist with project management.

Duties of this position may include, and are not limited to:

- Assisting with management of land development projects that are assigned, including coordination with client, sub-consultants and City approval authorities as required and commensurate with experience.
- Engineering design of sanitary sewers, storm water management, and water distribution systems.
- Engineering design of roadways and surface works.
- Completing inspection, and contract administration for construction projects in the Calgary region, including close liaison with City Inspection staff.
- Preparing engineering design drawings and design reports.
- Delivering projects within established timeframes and budgets.
- Planning, organizing, designing to best serve the needs of our clients.
- Computer Assisted Design and Drafting duties, using AutoCAD and Civil 3D.
- Coordination with Clients as it falls within your scope of work, to ensure the Client's needs are fulfilled.

The ideal candidate will have:

- More than **2 years of land development consulting experience in the Calgary region.**
- A registration **with APEGA or ASET as a P. Eng, EIT, CET, or P. Tech.**
- Experience designing municipal infrastructure including sewage collection, water distribution, roadways, storm water management systems in the Calgary region.
- Experience in construction and contract administration.
- The ability to build relationships with co-workers and with new and existing clients.
- Exceptional communication abilities.
