DESCRIPTION: Great looking and performing recurve. Zebrawood riser. Bow has no delamination; no cracks; limbs are straight. However, I've noticed that the lower limb can "wander" out of alignment from time to time. You may need to periodically twist it back into shape. Double-sided overlay tips. Beveled arrow shelf. Overlays and tips are in great condition. No drilled holes; n chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed. Comes with a new rug rest and side plate as shown, and a new string.
