

BRONZE

*Bringing light to your home  
and value to your pocketbook.*

See the light and reveal the beauty of your home with Prism<sup>®</sup> by Simonton Bronze windows. Offering traditional style at a budget-conscious price, Bronze windows combine the looked-for features with classic influences to make sure your windows are beautiful, as well as long lasting.

# Benefits

- A Quality Construction** Fusion-welded frame and sash resists air and water infiltration.
- B Fresh Air** The vent latch allows window to be partially open for ventilation. *(Double Hung only)*
- C Easy Access** Flush-mount tilt latches are recessed and release the tilt-in sash for easy cleaning. *(Double Hung only)*
- D Reliable Protection** Sturdy cam locks secure the window and provide a smooth interior finish.
- E Effective Weather Barrier** Meeting rail overlaps and interlocks both sash to form a tight seal.
- F Easy Operation** The stainless steel constant force  $\frac{3}{4}$ " coil spring balance system supports sash in any open position and allows the window to be raised and lowered without difficulty. *(Double Hung only)*
- G Ergonomically Designed** The contoured, extruded lift rail is molded into the sash for strength and durability.
- H Water Repellent** The sloped sill drives water down and away from your home.
- I Perfect Alignment** The pivot alignment system maintains the alignment between the sash and the frame to ensure proper operation. *(Double Hung only)*

**Energy Efficiency** Advanced glass package options drive energy performance.

**High Performance** The stainless steel, U-shaped design of the optional Supercept™ spacer system delivers thermal performance, structural integrity and durability to help maximize the performance of your window.

**Double-Lifetime Limited Warranty** A comprehensive warranty that covers vinyl, hardware, screens, insulating glass units and includes a 25-year Glass Breakage Warranty for additional homeowner peace of mind.

The raised exterior complements any style of home, including wood, vinyl, stucco and brick.

Sealed air chambers inside the multiple-chambered profiles increase insulation.
