"I have really been enjoying the new coffee table. It looks great and fits our lifestyle perfectly with its industrial, no fuss design. I also really appreciated the delivery. It was nice to find the table placed thoughtfully in the garage so that both my husband and I could still pull in our vehicles.

Having a small business myself, I prefer to support local whenever possible. I have already referred you to one of my friends who is in love with her fire table.

Cheers!"

"We absolutely Love our table ... We are extremely happy customers! The material and color options available to choose from when creating our custom piece for our Home was fantastic. The attention to detail and follow up were greatly appreciated throughout the entire process. We will openly share with others how simple, straightforward and pleasant it was to work with the Rustic Elegance Team!"
