## Seaside Marine Surveyors

### ***PROTECT YOUR BOAT BY***

ÉInstalling a hidden ignition system

ÉInstalling an alarm system *..Inexpensive self-contained systems are available at most Radio Shacks, electronics or marine stores. Because of water issues, buy a system designed for boats.*

ÉSecure your boat to the dock with a locked steel cable

ÉUse a trailer hitch lock after parking a boat on its trailer

ÉPark your trailer in a locked garage, secured boat storage facility or well lit, fenced area

ÉTurn the trailer around so the hitch is difficult to reach

ÉUse a high quality chain and lock to secure boat and trailer to fixed object like a tree

ÉChain and lock detachable outboard motors to the boat

### ***ADDITIONAL SECURITY MEASURES INCLUDE...***

ÉPictures or videotape taken of boat and equipment for documentation

ÉMake sure your marine policy includes all equipment as well as the trailer

ÉAlways have a copy of the title and registration

ÉRemove all expensive items when the boat is not going to be used for an extended period of time
