

Joel Saice

Meet the Teacher

4th & 5th Grade Teacher

About Me

This is my first year with VCS, and my first year with my own classroom! I just finished my master's in elementary education, and I feel super blessed to start my teaching career at Victory. I have been in the education field in formal and non-formal roles for many years. I was fortunate enough to be a long-term substitute teacher at my kids' school in Bemidji, MN which inspired me to finally obtain my teaching license.

My wife and I are from Duluth, MN, but have lived in several places because of her schooling. God brought our family to Jamestown for my wife's job three years ago. This community has taken us in, and our three children are happy and thriving.

I love spending time with my family, visiting our family in Duluth, eating yummy food watching MN Wild hockey, playing hockey (even though I'm terrible at it), and going on evening walks to quiet my mind and be with God.

My favorite Bible verse is Matthew 25:40. "The King will reply, "Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me."
