

ROYAL DECREES OF THE SOLOMONS

PROPHETIC PATTERNS OF THE EDICT TO REBUILD JERUSALEM

The purpose of this illustration is to present an Archetype of the 'Decree to Rebuild Jerusalem' that could be a Prophetic Template for the coming advent of the AntiChrist and debut of the 3rd Temple to subsequently be decreed to be rebuilt. The supposition is derived from the portion of Scripture that is given in the Book of Daniel. In that case, there are some astonishing segments of Prophecy that come to pass and some yet to be fulfilled. In particular, the Scriptures state that the Prophet Daniel received the Revelation and Understanding of when the Exiles of Judah were to return and in what condition the Walls of Jerusalem were to be Rebuilt. The Prophecies of Daniel declared that the Captivity in Babylon and eclipsing of the period also of the Medo-Persian Empire would last 70 years. The context of building the Walls of the Temple thereafter would be characterized by a 'Time of Trouble' where Intense Opposition to it would be present, even unto the Last Days by the Arabs. Also in Hosea, YHVH foretold of a Time that would coincide with this timeframe that Israel would not have a King nor Temple. With this Prophetic Timeline and Template, this study seeks to present the assertion that another historical 'Solomon' figure 'Decreed' such a Rebuilding of the Walls of Jerusalem, that being Suleiman the Magnificent.

Suleiman the Magnificent

In the case of this 'Solomon' Antithesis, it is not the true Christ that is to come but the AntiChrist that both the Muslims and the Jews are waiting for.

ROYAL DECREE

Artaxerxes I, Longimanus
(assuming calendar discrepancies)
if in -445 BC
= 69 years of 360 Biblical years
= 69 x 7 weeks = 483 years
x 360 year = 173,880 days
= April 9, 32 AD

The following is the mathematical calculation of the Angel no less, given to Daniel of when, to the day, the Messiah would come riding through the Golden Gate of Jerusalem.

Daniel's 70 Weeks of Years = 490 years
The 69th Week = 490 - 7 years = **483 Years**

The 483 year period described in Daniel 9:25 as 'Prophetic Years' of 360 days each.

483 years x 360 Prophetic Years = **173,880 Days**

What this study however, would like to correlate as mentioned was his amazing 'Decree to Rebuild Jerusalem'. This is understood to have inferred to the Walls as no Muslim would 'Decree to build the Fallen House of YHVH, the 'Tents of David', etc. This Royal Decree came in 1517, exactly 500 years from 2017. In the Jewish reckoning of time, the year 1517 was 5278.

THE COMING SIGN OF MESSIAH
(Messiah Ben Joseph)
מִשִּׁיחַ בֶּן־יוֹסֵף
'Rejoice greatly, O Daughter of Zion! Shout in triumph, O Daughter of Jerusalem! Behold, your King is coming to you; He is just and endowed with salvation, Humble, and mounted on a donkey, Even on a colt, the foal of a donkey.'

The Decree to Rebuild the Walls of Jerusalem came in 1535. It so happens that the Middle Year from 1537 to 1541 when the Walls of Jerusalem were rebuilt was 1539. Thus, the following equation.

$$1. 1537 + 1541 = 3078 / 2 = 1539 \text{ 'Midst of Years'}$$

$$2. 1539 \text{ Year} + 483 \text{ Year Coefficient} = 2022$$

Could this then be another confirmation that Daniels 70th Week will begin at the beginning of a 7-Year Sabbath Cycle? If so, this means that the Rapture event has to then precede this timeframe. Thus, when the 69 Weeks of Years are finished (69 x 360 = 483 Years) from the 'Midst' of the completion of the Walls of Jerusalem, will the Rapture and Daniels 70th Week occur in the same Year's Cycle? To reiterate, could this really mean then that after 69 'Prophetic Weeks' since Suleiman's Decree, the Last Week of Daniel, the 70th will begin in the Fall of 2022?

Study seeks to use the Archetype of Artaxerxes and His decree of 480 years to be used as a Prophetic Template that will be superimposed to the Archetype of a 'Solomon' that originally build the 1st Temple, that of Suleiman the Magnificent. This Decree is in the context of rebuilding the Fallen Walls of Jerusalem. Although there is still some debate as to the correct year the Decree was made and which one, most Bible Scholars, to include Jewish and Christian agree that the year -445 BC was that Bench Mark that set the main Countdown. Christian Scholars note however that the Countdown was fulfilled by Jesus.

What the timeline suggests, possibly is that in the year 2018 is when 'something' perhaps in Jerusalem is to be Rebuilt. What? The context is clearly the 'Walls of Jerusalem', however the purpose for such a construction was to make way for the rebuilding of the House of YHVH, the Temple.
