KIDS WORKOUT 1

Dear Parents,

It was a great pleasure to meet you and your child(ren) today. This is the slides we used in our class today. You can find the song in the slides.

The homework is to write the Chinese character 你, 好, 我, 是, 他 on textbook page 12. Each one five times with Pinyin. FYI, pinyin uses English alphabet and it teaches you the pronunciation of the characters. Also, I told students to finish the workbook as best as they can. We will look at the workbook together next week.

Please let me know if you have any questions or if you have any suggestions to our class.

Thank you,
Hongxin
