

# What to Expect. How it Works.

## HARBORWATCH<sup>SM</sup>

Developed specifically for the ILA, Harbor Watch is a real-time, cloud-based application that provides lightning fast transaction speeds for multi-depot dispatching, instant transmission of small or high volume Text Messages and digital documentation of dispatch orders, terminal schedules and employee work-history.

### Local 1422 Members. What you get with Harbor Watch on ... [www.ila1422.com](http://www.ila1422.com)

- An interactive, mobile website that displays on smart phones, computers and tablets
- Text Ticker on home page provides instant communication from Local
- You'll get links to Local Online Training and Forms, NOAA Weather, Local Traffic, Vessels in Port, Pension/Welfare, MILA, Port of CHS.Terminals
- Secure web pages display port facilities with available jobs
- Available jobs scheduled "live" on Local website
- Local Members' availability displayed in seniority order
- Members' personal web page contains history, certifications, incidents, training documentation, dues check offs and more

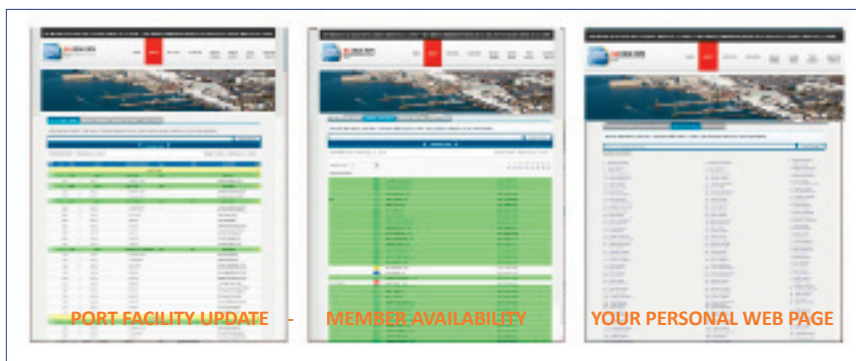

### 21st Century Technology Working for You.

#### PASSWORD PROTECTED SERVICES

Local 1422 website has password protected services only displayed when the general password is entered.

- **Find Password on Computer:** Click on the Read More Tab under the 1422 LIVE FACILITY UPDATE. You will be prompted for a general password: enter Password: **ilal1422**
- **Find Password on SMART PHONES:** After selecting Read More under LIVE FACILITY UPDATE, scroll down past VESSELS to enter the general password. You will be prompted for password: Password: **ilal1422**

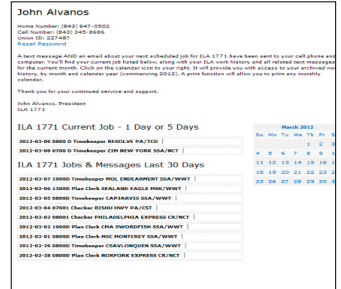

Now you can access the secure web pages below.

- **PORT FACILITY UPDATE:** Displays facilities in Port with jobs
- **MEMBER AVAILABILITY:** Displays Local members available in seniority order.

### YOUR MEMBER WEB PAGE

After the first six months you'll be able to see where **you worked each month**. Need a print-out of your work history? The information is at your fingertips!

Click on the **Member Web Page** tab. Use the Search function to find your name on Roster.

Click on your name. The initial password is your **GOES BY** first name. Enter your name with the first letter capitalized. **You can change your password at any time, then only YOU** will have the only record of your personal password.

### MEMBERS WILL GET 3 KINDS OF TEXT MESSAGES

(1) **General SMS:** Dispatcher will send general SMS message asking question or reminding member to call. Dispatcher can also send text message if there is a delay or cancellation at a Port facility.

(2) **Scheduling SMS:** Harbor Watch sends members Scheduling text message confirming job for the day.

(3) **Web Text Message:** In the header of Local website, find text ticker for up-to-date messages from the Local's president. There is also a Message Board on the top of each of the three interactive web pages for reminders from the ILA Local 1422 office.

**IMPORTANT NOTE:** All cell phones are set-up to receive Text Messages with or without Text Message Plans. **Let the Local's administrator know if you change mobile numbers or providers.**

### NO TEXT MESSAGE PLAN?

#### Your Cost for Incoming Text Messages

- Verizon - 20 cents per message
- AT&T - 20 cents per message
- T-Mobile - 10 cents per message
