

Certificate Award of Environmental Impact

This certificate is awarded to **Arizona Utility Energy Conservation Rebate Incentive Programs** for their participation in

30-Mar-17

Estimated Saving is:

18,900,000 kWh/year

Coal Saved Annually **18,900,000 lbs.**

It would take **52805** solar panels to offset this much coal per year

CO2 Emissions Reduction Annually **42524767 lbs.**

It would take **885874** mature trees to absorb this much CO2 per year

Water reduced Annually **13,200,000 gallons**

Other Pollutants Annual Reduction:

Particulates	384231 lbs. Sulfur
Oxide, Sox	279554 lbs. Nitrogen
Oxide, Nox	139777 lbs. Methane, CH4
122 lbs. Mercury	434551 Milligrams
