**English:**

Each color should be in full bloom

Don't let the sun behind only black and white

Everyone has a right to expect

Love on the palm of the hand with me.

This is the best future

We make the perfect present with love

Thousands of streams into the sea

Each flower as the surging waves

Each dream is worth irrigation

Tears into rain will fall

Every child should be loved

They are our future

This is the best future

We make the perfect present with love

Thousands of streams into the sea

Each flower as the surging waves

This is the best future

Regardless of you and me be deeply attached to each other each other

Numerous hills and streams convey care

Happiness and love.

Each dream is worth irrigation

Tears into rain will fall

Every child should be loved

They are our future

The same correlation with under the sky

This is the best for the future

### Passion for Life

by Wang Guozhen

I care not whether I can succeed.

Since in choice of the distance,

I simply travel in wind and rain.

I care not whether I can win love.

Since in deep love with a rose,

I just unbosom myself bravely.

I care not whether hit by wind and rain.

Since my goal is to reach the horizon,

Only my back is in face of the world.

I care not whether future is smooth or muddy,

If only I have passion for life,

Everything will go as expected.
