

Think the Truth

The Lord says, "Think! Think about the truth. Think on what I have spoken."

God's spoken Word. God's written Word....There are no other words more important to you than God's Word. Nothing compares to His Word! His Word brings life...

The Lord says, "Think! Think about the truth. Think on what I have spoken."

Every day, you think on so many things that offer no eternal value to you. What you think on many times, does not benefit you even a little bit. Too many times you get wrapped up in combatting daily life, you lose sight of what you need to really be thinking on.

The Lord says, "Think! Think about the truth. Think on what I have spoken."

The day to day grinding of life whittles away at who HE created you to be. Life's difficult situations continually challenge you trying to force you to lose sight of who you are in Him. Events (or certain relationships) help drain away aspects of who you really are by forcing you to think on those things instead of what He said.

The Lord says, "Think! Think about the truth. Think on what I have spoken."

Other times, reality seems to drag on so long without an answer that you either don't think on the truth of or you've gotten lost in one of the waiting rooms of life forgetting what He has spoken (which by the way are where MOST are living at the moment!!!).

Do you find yourself in a place where you are confused, dissatisfied, or disappointed despite having done everything right that you could think of to do? No matter where you are, the Lord is calling you to think on what He has said. Think on the truth.

The Lord says, "Think! Think about the truth. Think on what I have spoken."

He wants you to think about who He called you to be. He wants you to think on the truth and only the truth! The truth is what really matters.

Truth- His plans are really good, and though they tarry, wait for them. Truth- He does what He says He will do. Truth- Through Jesus you are an inheritor of eternal life (1 John 5:11-12), and that this world and situations are simply temporary.

That means today's struggles, concerns, hurts, disappointments or what ever else is happening are only in the now, and what is beyond all this is truly what is important.

He wants you to think about who you are to Him.

He wants you to think about that through Jesus you are overcoming the evil one (1 John 4:4) and are redeemed from the hand of the enemy (Psalm 107:2). Redeemed means just that, redeemed! He wants you to remember that you are walking by faith and not sight (2 Corinthians 4:18). He wants you to remember that you are daily overcoming despite what the circumstances of life might be trying to tell you!

The Lord says, "Think! Think about the truth. Think on what I have spoken."

Lord- today I choose to REMEMBER what you have spoken to me. The truth is, I want Your kingdom to come and Your will to be done in my life. I embrace the truth You have spoken to me as truth. I willingly walk in Your Words to me and will think only on those. I thank you for always working things together for my good. I will not shrink back. I will press on in You. Thank you Lord. I love you. May my life reflect You in all I say and do. In Jesus Name!
