

David White

Principal Consultant

David's two areas of expertise are car park management and Passenger Carrying Vehicle operations, having worked at the coal face for many years operating a car park with 20,000 spaces and running a fleet of 35 vehicles.

David also has extensive experience in change management.

David's career highlights include:

- Being responsible for the operational control of 20,000 airport car parking spaces and 4,500 car parking spaces at Central Manchester Hospitals.
- Operating a fleet of 20 PCV buses and 15 ancillary vehicles.
- Managing a team of 150 personnel.
- Introducing needs-based permit allocation policies, and flexible working within an Annualised Hours System.
- Implementing capital infrastructure such as the networked Zeag Orion automated car park system at Manchester Airport.
- Delivering a full range of sustainable travel initiatives at the Central Manchester Hospitals.
- Managing parking and access issues during the integration of two children's hospitals onto the Central Manchester site.
