

MONTHLY TOWN FIRE MEETING

March 29, 2021

Meeting called to order at 18:35 by Chief Kyle Estes.
February 2021 minutes were read and accepted.

Annual Mandatory Processes

- Hose testing will be completed April 15th.
- Dues paid for Cumberland County Fire Association.
- Truck testing will be in May.
- Compressor, SCBA and Hydro testing to take place June and July.

Equipment

- The DEP did not approve excavation work for Quaker Brook stand pipe. Will have Mud City Dive service investigate what can be done at Quaker Brook and Woods Mill.
- Discussed stand pipe work at Sand Pond. Was decided to postpone this work to 2022.
- Batteries keep drawing down on small forestry truck. Looks like a master switch already by battery box. Checking to see if that might work. Driver side rear tire is leaking.
- The big forestry truck hasn't had air when going to use it. Possibly moisture in the line. Still needs to be fixed.
- Need to acquire 4 more Indian tanks.
- We received 10 pails of Chemguard class A foam.

Record management

- Photo ids will probably be done in May and June, after determining current members of Fire Department.

Training

- Annual mandatory training make-up will be April 7th, at 5:30 PM.

Personnel

- Steve Sanders has joined as new member. His call sign will be 309.
- A memorial service for Chief Norm McKenney is scheduled for May 1st.

Special Events

- Need a workday to switch engine 5 and engine 1. Did not schedule during the meeting.

Operations (calls, SOPs, etc.)

- We reviewed SOP 38.

Next meeting at 6:30 on March 29th, 2021 at the Baldwin Community Center.
