THE ARTS IN DOWNTOWN
ZANESVILLE

Join us for July's first Friday Artwalk! July 2nd at 5pm-8/9pm!

Musician of the month

My journey started when I was 10, in my Dad's (Chuck's) teaching room at Spires Music Studio here in Zanesville. The music seed he planted took root when he introduced me to Pedal Steel Guitar. What Dad taught me took me to all 50 states and 7 foreign countries; playing for Shania Twain, and touring extensively with Jo Dee Messina, Craig Campbell, and Opry Member - Josh Turner.

During my 23 years in Nashville, staff band performances included artists: Johnny Lee, Mickey Gilley, Lee Greenwood, Larry Stewart (of Restless Heart), Tim Rushlow (of Little Texas), The Oak Ridge Boys, Eddy Raven, David Frizzell, The Bellamy Brothers, Collin Raye, Becky Hobbs, Ken Mellons, Billy Yates, The Gatlin Brothers, T. Graham Brown, Darius Rucker, Diamond Rio, Chris Young, and Luke Bryan.

My family and I are back in Millersport, on Buckeye Lake:
•Our son, Charlie, is thriving and charging into 1st grade.
•Jessica uses her incredible knowledge of guitars and basses, sending parts all over the world from her Guitar Parts Factory. She still makes time to paint all sorts of folky and creative creatures under the name BunkoJess.
•I use my recording and music production skills to record local musicians, and create song demos for songwriters as Nashville Song Demos.

You can find me around the area: singing & playing acoustic guitar, or as a sideman to other performers.

- July 24: 6-8p @ Mathias Miller Park Gazebo: Millersport, OH
- August 4: 4-5:45p @ ArtCoz Street Fair: Secrest Auditorium Lot, Zanesville, OH

I'm happy to be back in the Zanesville area, and part of the growing creative community. Thank you ArtCoz!

Artist of the Month

There were three expressions I chose for a working life : Artistry, Ministry and Social Work..they merged for me. It was a good run, Two years ago I retired. Artistry was the solid choice for continuation. It is a wonderful choice. Having spent more time in formal education learning how, what and why to paint . It is a fit. Painting for 63 years out of 67 the choice of what and how to paint has been all over the place..different styles and subjects. All the Art instructors and their guidance was a treasure. There were three that had the greatest impact. Thankyou to Sue Erwin, a beloved long time mentor, Rama Rao (painter/professor, India), who insisted on " Bright Color" and Richard Mantia, beloved by all his students.

It was in 2019 that a solid "voice" emerged for the content of each related painting hanging in the gallery today. The series of paintings depict the future for our planet, her inhabitants and space with a dash of metaphoric spice. The inspiration for each painting typically comes from a worship setting with me sitting in a pew and not standing behind a lectern . Someone else is speaking of the conversations between humankind and the Great Creator while I'm busy in the pew with pen and a sketchpad. The thumbnail sketches are sweet. Many depict female astronauts and some sort of space craft ; however, the secret is in the makeup of the crafts. Each imaginative ship seems made from the "stuff " found in junkyards, garbage dumps and curio shops. The inference , future generations will use the refuse from such places instead of the further mining of the earth 's resources for the raw materials. Upcycling to make the future goods and yes, that is already happening!
There is a process to arrive at the finished oil paintings. It begins with the thumbnail sketch. Next, using high end magazine glossy advertisements I fashion paper art pieces with bits of paper objects recreating a reflection of the thumbnail sketch. It is like assembling a jigsaw puzzle. Using the finished paper piece as a template the large oil painting makes the grander statement of it's sister paper piece.
Please come visit the Masonic Temple to see all the fine Artisans and other outstanding Merchants. I will greet you warmly in Suite 304.

Celebrating the Art of Tony Dukes

Zaap

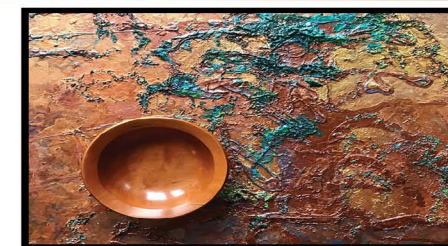

Tony Dukes was raised in Kokomo, Indiana. He graduated from Indiana University with a Bachelors in business and in Art. Tony did a lot of the local markeys for businesses such as: The Torpedo Room, The Outback, The Sun that was on the old building across from Secrets Auditorium that was torn down. Tony gave rights to a local oil business to use the sun as their logo. Then at Riverside park there is a pavilion that has a regatta boat design that he did, then lastly he painted a mural in the old Ohio Winery drive thru that Don Mason owned. Tony has been in Art Shows and placed 3rd and 5th. He was always thinking what he could do next and be different. He loved working with wood, which he began making shark teeth which was another passion of his- finding shark teeth in Myrtle. Then he began making things out of driftwood. But, his main artwork was Pontillism, which is technique used with small distinct dots that are applied in patterns to form an image. Tony always had a vision for art, all you had to say is what you wanted and he would make it happen. He had an AMAZING talent for art where people would be in "awe". Tony's dream was to be a featured artist at ZAAP, but he never got that chance before he passes away in 2019. With the help of a great friend Dana Matz, Kristen Brown, and RoseMary his dreams are coming true. He will be smiling ear to ear and smiling from heaven. I kniw he would be very proud to see his artwork being displayed.
