ESSAY

Please submit with your application a 750-1000 word essay about your knowledge of the following topic:

A hot topic in the law enforcement community for the past couple of years has been the use of body cameras. What are your thoughts on the use of body cameras and if used when the camera should be on/off? Also, when used, what are your thoughts on what type of footage should be released to the general public and, if released, under what circumstances?

Your essay should focus on the potential impact of these two questions and what effect could they have on the future of law enforcement relations with the public. In this context, please end with an explanation of why you should be selected for this year's scholarship. Your essay should be constructed with an opening, body and closing. It should contain no more than 1,000 words, be double spaced, and typed #12 Arial font. It will be evaluated based on content, grammar, and composition. It should be included on separate sheet(s), but attached to this application. Your application, essay, and all supporting documents should be emailed in one pdf format to pwretireeassociation@gmail.com no later than **May 31, 2025**. Good luck!
