

Natural Boost

Natural Boost is a nutritional feed supplement for dairy cows, beef cows, calves, deer and elk, goats, sheep, horses, dogs, pigs and other livestock.

The product comes in liquid form and is made from of bio-available vitamins and minerals, organic chelates, and probiotic metabolites.

It improves the nutritional value of the animal's diet, improves its digestion, and improves its microbial health.

The lactobacillus acidophilus strain we use has over 75 independent universities noting it has the highest lactic acid produced for the protection of the digestive track from pathogens.
