## The Future of Mustang ...

There's no mistaking the lineage of this bold, chiseled electric Mustang bike. Every line, curve, and angle has been inspired to evoke the sixty years of power and performance excellence you've come to expect from a Ford Mustang, America's best-selling sports car<sup>^</sup>.

The Mustang electric bike generates one horsepower (750W\*) of electric boost that easily accelerates to 28 MPH\*\* (in pedal assist, Class 3 mode with the rider pedaling) with plenty of torque on-demand.

The eBike features the iconic Mustang LED Sequential Taillights and an integrated one-piece cockpit cradles a full color display with telemetry graphics inspired by Ford's digital infotainment system.

Designed for the street and tuned for fast rides with semi-slick Pirelli Angel tires and dual suspension designed to keep the bike firmly planted over surface imperfections.

Powered by a 48V, 15Ah | 720Wh battery, the Mustang electric bike can cruise up to 60 miles \*\*\*, and riders can take advantage of four power modes – Eco, Normal, Sport, and Track.

# MEMBER'S RIDES

(SEND THE EDITOR A PIC AND BRIEF HISTORY/DETAILS TO BE INCLUDED IN THE NEWSLETTER)

Terry and Sharon Myers' 1993 Mustang LX 5.0 convertible was purchased from club member Ross Schwyhart a few years ago as a fun car that would be towable behind our Class C RV on a car dolly. The car has remained stock all these years and has a 5.0 SEFI engine, a 5 speed manual transmission and a limited slip 8.8" rear axle. It also has a white leather interior, power windows & locks, air conditioning, power steering, power brakes, power mirrors, a white power top, luggage rack, chrome pony wheels and is finished in its original Bright Calypso Green clearcoat metallic paint. Mods have been limited to adding a double DIN touch screen stereo, relocated heater and A/C controls below the radio and a console that has two cupholders, 2 USB ports as well as a 12V power port. The car is destined to be given to our oldest granddaughter who turns 16 this year. She is learning to drive a manual transmission—clutch replacement is planned before giving her the car as a precautionary measure!

# Minutes of the meeting of the Rocky Mountain Mustang Club

21 June 2025

The meeting was called to order at 3:00 PM by President Dave Brown.

There were no new members or guests present

The minutes and treasurer's report from May were read.

## Old Business

George reported that no progress has been made with Phil Long. Both Mark Barton and his admin have been traveling so he could not meet with them. He is planning on meeting with one or the other next week. George is getting the sponsor certificates from Wes and will be giving them to the sponsors.

Lynn has talked with Richard Martin who she contacted prior; he said he could provide 2 meats for about \$330. He suggested that the club look at sliders rather than just meat as it would be more meat and a cheaper price. There will a choice of either pulled pork or Brisket. Lynn will be sending out an email to get feedback from the members on how many will be attending the picnic and what side dish they will be bringing.

The club had a good showing at the Rocky Mountain Mustang Roundup. Five members placed in the autocross four 1<sup>st</sup> places and 1 2<sup>nd</sup> place. George & Janie Harris, Reed Hiltermann, Rusty & Aimee Powell, Curt Mitchell, Marc & Juleen Dellacroce, Dan Rumery, and Tony O'Rourke, Marc & Cathy Short and Brandon Short were on Bennett Avenue for the show and shine on Saturday. Rusty and Aimee Powell won the "Award of Excellence for their green 2022 GT. Hap Schadler received long overdue recognition from the Roundup for all the hard work he does to keep the autocross going

## New Business

Club members who are going to the Lincoln Tech show on August 26<sup>th</sup> are planning on meeting at the Cracker Barrel 8355 Razorback Rd to cruise up to the show.

The Rosie's Diner show is the next day on August 27<sup>th</sup>. The club will not be helping with parking.

George mentioned that the Air Force Academy car club is having a show in August and that the club would be able to enter and participate in the show. He is currently working with them to iron out the details.

A trip to the Shelby Museum was suggested o August 2<sup>nd</sup>. The cost to enter is \$20. Reed suggested a lunch stop at Jim's Burger Haven in Thornton. The July club meeting will be on the third Saturday.

A motion was made to move the club meeting place to Panino's. A vote was taken and starting in July club meetings will be at Panino's.

Cars and parts were announced. The raffle was held and the meeting adjourned at 3:27 PM.

## RMMC LOGO WEAR FROM ALL AMERICAN SPORTS

If you want to get club gear (i.e., shirts, jackets, sweatshirts, ball caps, etc.) printed with the RMMC logos, contact Leslie Fecteau (719-574-4400) at **All American Sports** to schedule an appointment. She is in charge of all club apparel and screen printing. You can select from the existing racks to find something you like; but if it is not in your size/color, she can order it. She already has all the RMMC logos and can usually get your gear ordered and printed within a week. Get your club gear and proudly display our RMMC logos at all car club events.

Respectfully submitted, George Harris

### CLUB CODE OF CONDUCT

The Rocky Mountain Mustangers take pride in our Club being an organized club with monthly meetings and events. We enjoy having members of all ages participate and show their love for the Mustang, from a new car to a classic car, a show car and a race car, and up and coming cars. We have had numerous members come and go from the Club for various reasons. The Board of Directors does not want to see any of our members treat other members, or potential members inappropriately, with comments or actions. In accordance with our By-Laws, the Board of Directors will ask anyone found causing embarrassment to the Club to resign.
